

# Kuvings Silent Juicers

The Kuvings Silent Juicer may be quiet in its operation but it is loud with features. Its patented extraction technology takes advantage of its low speed to press and extract rather than chop and strain like centrifugal juicers, retaining all the nutrients, enzymes, and living properties of the fruit.

Enzymes in fresh vegetable and fruits,

**Phytonutrients** Daily consumption of fresh fruits and vegetables that provide phytonutrients and antioxidants may prevent cancer and lead to a healthier life.

## FEATURES

- Low speed / fast yield
- Super Quiet operation (40-50 dB)
- Attractive and Durable Construction
- Double the yield of traditional juicers
- 100% Juice extraction
- Retains fibre and vitamins

## SPECIFICATIONS

Model	NS-998
Dimensions	245 x 165 x 435mm
Power	350W / 220-240V
Weight	7 Kg
Warranty	12 Month Parts/Labour
